

Omega: Student Manual

A time is coming when life as we know it will be forever changed. This period of time, referred to as the End Times, will bring the most intense trouble the world and the Church have ever witnessed. It will also usher in the greatest revival the Church has ever experienced. Scripture provides more information about the End Times than most of us realize and teaches that believers are not simply to survive this time, but we are to thrive during it. We will play a part in the Church's greatest revival and victory since the beginning of time! The Omega course has been designed to help churches, small groups and individuals understand what the Bible says about the End Times and prepare their hearts for the days to come.
