

Helping Children with Fear (Helping Children with Feelings)

This is a guidebook to help children who: - worry a lot or exhibit signs of ongoing anxiety - experience the world as an unsafe place - suffer from phobias, obsessions or nightmares - are scared to tell someone that they are scared - know a terrible loneliness - feel insignificant in a world of adult giants - feel defeated by life or need help in being assertive - feel so impotent that their only way to feel any potency is to be mute. Teenie Weenie in a Too Big World tells a story for fearful children. One day Teenie Weenie finds himself in a screechy, scary place. The worse it gets, the smaller Teenie Weenie feels. Teenie Weenie feels terrified and desperately alone. But after a while, with a Wip Wop bird and his friend Hoggie, Teenie Weenie learns about the power of together. He comes to know how very different things look when its an us not just a me. And so, whenever Teenie Weenie finds himself struggling alone with something too difficult or too frightening, he finds some together.
