

Sarahl's Hope

The love of her life is dead and Sarah escapes for a weekend retreat to the mountain cabin she and her beloved Wolf bought as a means to escape the city. A bad storm is brewing, Sarah is on edge, and that's when the anonymous calls start. A mysterious voice knows too much about her and her life, a life the caller threatens to end. Sarah comes face-to-face with a kidnapper hired to kill her, but manages to escape his deadly grasp. The devoted idiot is determined not to divulge who hired him, but does give away a valuable clue. Sarah's freedom only escalates the killers plan. Who hates Sarah enough to want her dead, and why? Will she and the police find the person responsible for the calls and other mysterious events before the threats become a reality?
