

Terminated

For Gwen Farris, the nightmare commences with the flash of a knife in a darkened parking lot. That's where Stephen Tarbell begins to exact his revenge against her for giving him a poor performance evaluation, for getting the promotion he believed was rightly his, and for being the woman who finally drove him over the edge. The threat escalates to an onslaught of physical and psychological intimidation so relentless that it threatens to destroy everything Gwen holds dear. And with the authorities unable or unwilling to help, Gwen has to take on Tarbell herself. But how do you stop a madman whose hatred knows no limit? In a world where workplace insecurity meets violent obsession, only one thing is certain: someone's going to get terminated.
