

In Front of My House

In Front of My House is a whimsical celebration of a child's imagination and all the places it can travel. This circular story begins and ends in a tidy front yard, but in between takes the reader to mountains and mysterious caves, up to outer space, down into the ocean and beyond. It's a journey as boundless and surprising as young imaginations. Filled with inventive and delightful twists, this charming story reveals a child's fancy taking flight, showing how imaginative play can begin in a place as mundane as a front yard, reach to the stars, then return back to the same place. Children will recognize a kindred imagination in Marianne Dubuc's joyful illustrations and simple text.
