

Catch a Falling Knife (Lillian Morgan Book 2)

When her granddaughters boyfriend, Mark, is accused of sexual harassment soon after starting a teaching job at a small college, retired math professor Lillian Morgan tries to help him and finds that the harassment policy from hell could end his career. Then a student is murdered and Mark becomes the chief suspect. While attempting to clear Mark, Lillian forms an unlikely alliance with the owner of a strip club and finds that life on campus isnt what it used to be (if it ever was).
