

## A Dead Husband (Jessica Huntington Desert Cities Mystery Book 1)

My first day as a sleuth was more Stephanie Plum than Miss Marple. Jessica Huntington, amateur sleuth with a shopping jones and a black AMEX card, finds out money cant buy happiness, or save your neck. Her well-planned life in shambles, shes hiding out near Palm Springs. When her best friends husband is murdered, Jessica and her friends are soon stalked by scoundrels in pantyhose, stilettos, Bruno Maglis, and Armani suits. Roger Stone had something that got him killed. What was it and what will they do to get it back? Even in a desert paradise life is full of surprises, like A DEAD HUSBAND.
