

## Whirlwind Passing - Detective 3-Part Series

**WHIRLWIND PASSING DEATH KISS:** Rebecca...a detective with a brilliant mind, she hunts a savage serial killer. Michael...her partner, a loner, wishes for the one woman he cant have. Mad Mulligan...FBI psychic sleuth, he becomes the killer, to catch the killer. Each in their own way a hunter. Each in their own way tormented. They fight to stop a two year vicious path through their city, a whirlwind of death and destruction that almost consumes them. It begins with Death Kiss.

**PYRO:** Michael understood the pyro. People were fascinated by fire. The Enemy. It seemed to have a life and spirit of its own, and a brain as well. It maneuvered, it cajoled, it entranced, it enticed. It drew people towards it, as if they were hypnotized, then turned on them with a vicious evil. And, in spite of everything else going on in his life, Michael was responsible for bringing the Pyro to justice. And Lacey, the newest and only female firefighter in Sheridan, gets a taste of smoke. **FROM ABOVE - SUNSET OF THE WORLD:** Mad Mulligan -The F.B.I.s most closely guarded secret. The agent they turn to when all else fails. The psychic. Len Thompson - Up and coming FBI agent. One who plays the game. One whos about to meet his match. Rebecca Colvin - Brilliant homicide detective searching for her own answers. Their only hope. The three, sent to track a serial killer roaming through the Southwest states, face an almost impossible task. The killer is the FBI's worst nightmare: a savage, elusive murderer on the road, butchering his victims with awesome precision. Can they catch this madman? The F.B.I. director wants to know. The president wants to know. The N.S.A. and Air Force want to know. Is this a serial killer or something worse? Is he from this world...or FROM ABOVE?
