

## Murder by Proxy

Rhode Islander Edna Davies is in Colorado when she is confronted by a private detective and challenged to find a missing woman. Anita Collier appears to be alive. Her paycheck is deposited, her bills are paid, her phone is answered; but closer inspection reveals everything is automated. Nobody has actually seen her for several weeks, except perhaps Edna's son, but he refuses to talk. In her search for the truth, Edna plunges deep into danger when she uncovers more than one murder and struggles to prevent another.
