

My Blue Is Happy

What is your blue like? A lyrical ode to colors and the unique ways we experience them follows a little girl as she explores the world with her family and friends. Your neighbor says red is angry like a dragons breath, but you think its brave like a fire truck. Or maybe your best friend likes pink because its pretty like a ballerinas tutu, but you find it annoying like a piece of gum stuck on your shoe. In a subtle, child-friendly narrative, art teacher and debut author Jessica Young suggests that colors may evoke as many emotions as there are people to look at them and opens up infinite possibilities for seeing the world in a wonderful new way.
