

Broken Monsters (Reading Group Guide)

Scary as hell and hypnotic. I couldn't put it down...I'd grab it if I were you. --Stephen King

A criminal mastermind creates violent tableaux in abandoned Detroit warehouses in Lauren Beukes' new genre-bending novel of suspense. Detective Gabriella Versado has seen a lot of bodies. But this one is unique even by Detroit's standards: half boy, half deer, somehow fused together. As stranger and more disturbing bodies are discovered, how can the city hold on to a reality that is already tearing at its seams? If you're Detective Versado's geeky teenage daughter, Layla, you commence a dangerous flirtation with a potential predator online. If you're desperate freelance journalist Jonno, you do whatever it takes to get the exclusive on a horrific story. If you're Thomas Keen, known on the street as TK, you'll do what you can to keep your homeless family safe--and find the monster who is possessed by the dream of violently remaking the world. If Lauren Beukes' internationally bestselling *The Shining Girls* was a time-jumping thrill ride through the past, her *Broken Monsters* is a genre-redefining thriller about broken cities, broken dreams, and broken people trying to put themselves back together again.
