

The Melting Clock (The Toby Peters Mysteries Book 16)

A prank by a flamboyant Spanish artist could cost Toby Peters his life. An ax-wielding monk hacks at the door. Toby Peters is on the other side, running as fast as his recently broken leg will allow. Alongside him is Salvador Dali, dressed in a rabbit suit, insistently muttering grasshoppers as they try to make their escape. Dali insists on being carried across the lawn, so Peters hobbles along with the surrealist in his arms. They get in the car just as the monk chops down the front door. The car doesn't start, and the monk charges silently, the ax in the air. This is not the strangest thing that has happened to Toby Peters this week. Life has been odd ever since the call came from Dalis wife. Peters, suffering from post - New Years malaise, was happy to look into the theft of three of Dalis paintings. He had no idea that the investigation might end with his face being turned into abstract art. About the Author: Stuart M. Kaminsky (1934-2009) was one of the most prolific crime fiction authors of the last four decades. Born in Chicago, he spent his youth immersed in pulp fiction and classic cinema - two forms of popular entertainment which he would make his life's work. After college and a stint in the army, Kaminsky wrote film criticism and biographies of the great actors and directors of Hollywood's Golden Age. In 1977, when a planned biography of Charlton Heston fell through, Kaminsky wrote *Bullet for a Star*, his first Toby Peters novel, beginning a fiction career that would last the rest of his life. Kaminsky penned twenty-four novels starring the detective, whom he described as the anti-Philip Marlowe. In 1981's *Death of a Dissident*, Kaminsky debuted Moscow police detective Porfiry Rostnikov, whose stories were praised for their accurate depiction of Soviet life. His other two series starred Abe Lieberman, a hardened Chicago cop, and Lew Fonseca, a process

server. In all, Kaminsky wrote more than sixty novels. He died in St. Louis in 2009. Review quote:Kaminsky stands out as a subtle historian, unobtrusively but entertainingly weaving into the story itself what people were wearing, eating, driving, and listening to on the radio. A page-turning romp. - Booklist. For anyone with a taste for old Hollywood B-movie mysteries, Edgar winner Kaminsky offers plenty of nostalgic fun . . . The tone is light, the pace brisk, the tongue firmly in cheek. - Publishers Weekly. Marvelously entertaining. - Newsday. Makes the totally wacky possible . . . Peters [is] an unblemished delight. - Washington Post. The Ed McBain of Mother Russia. - Kirkus Reviews.
