

How We Became a Family (Version Egg Donor - Twins)

To build a family, first of all you need love. But how do you talk with your child about their in vitro origins? How do you tell your children they were conceived with the help of a donor? Adding children to a family -making a baby- takes all the same parts needed to make any baby animal. Knowledge of science and our bodies is a smart and beautiful thing. This complex story is explained in an easy and positive way that children can accept and be proud of. This book is for couples who understand that their children's well-being comes from knowing how much they are wanted, who they are, and how they came into this world and into their family. Celebrating the story of your child(ren)'s origins through the simple act of reading can reinforce your family's journey of deep bonding and open communication. Watch our Book Trailer Video: visit Amazon's Authors Page below. This book is version Egg Donor - Twins. For couples who used an Egg Donor, resulting in Twins.
